# THE PIN BOOK

POLYMER CONCEPTS IN CELLULAR FUNCTION

The SFB1551 pin series embodies the spirit of connection, knowledge exchange, and the celebration of our shared achievements. Each pin represents a milestone in our journey, symbolizing the strength of our collaboration and the progress we've made together.

Through this collection, we honor both individual contributions and our collective success, reminding us of the power of unity and the innovation that comes from working as one.

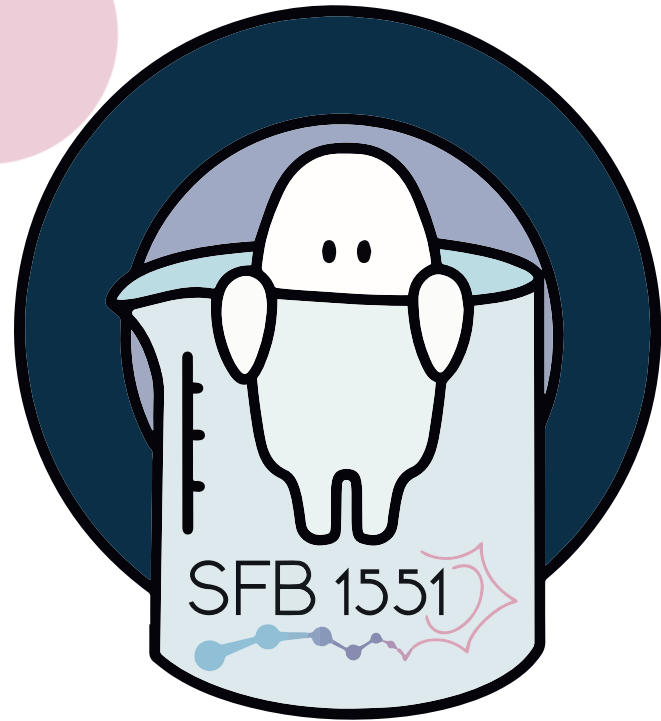

Celebrate our shared journey by collecting our exclusive SFB1551 Pins! Each pin represents your involvement, collaboration, and contributions to our collective success. We hope you enjoy them!

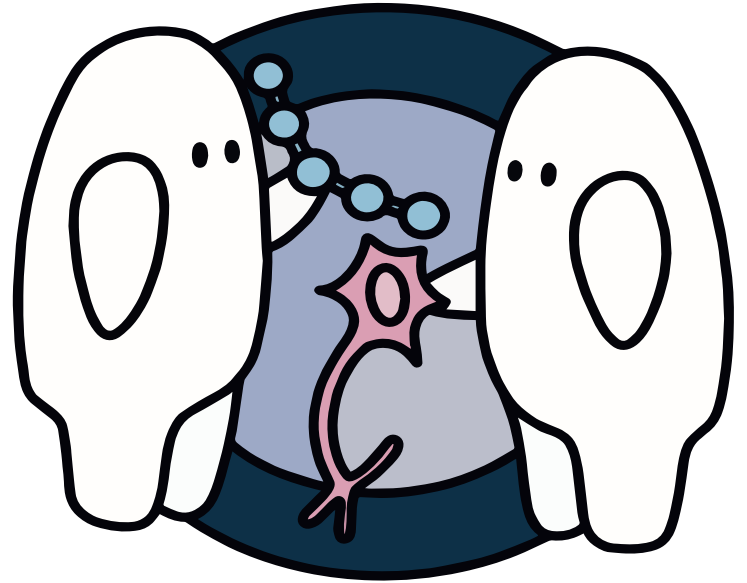

This limited-edition pin was created exclusively for the 2024 Annual Retreat. As we celebrate the milestones achieved at the midpoint of our first funding period, this pin symbolizes our collective progress and shared vision for the future. Let it serve as a reminder of our commitment to innovation, collaboration, and the exciting journey ahead.

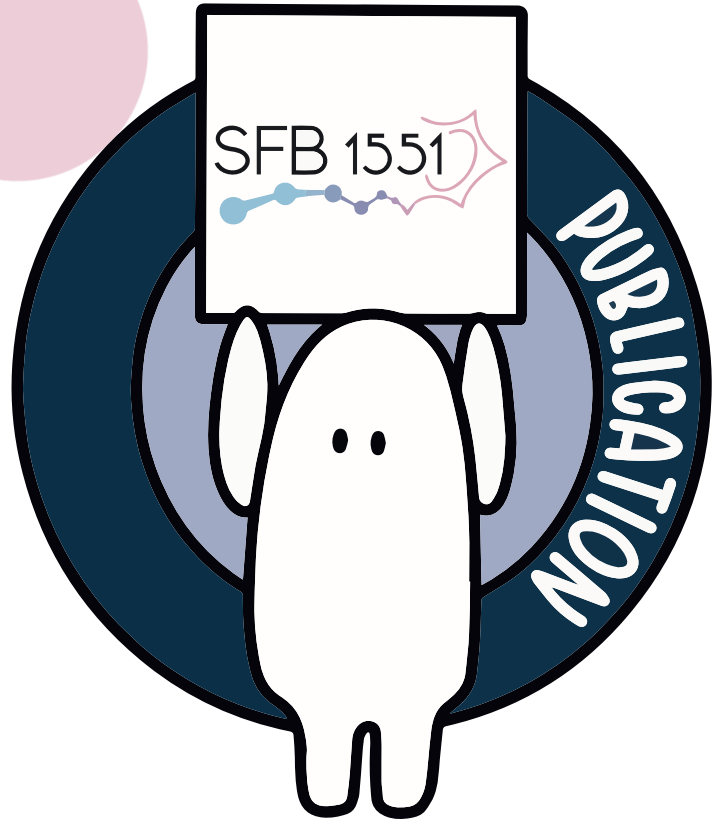

This pin is dedicated to all those driven by a passion for science, curiosity, and discovery. It represents the unyielding pursuit of knowledge and the desire to explore the unknown, pushing boundaries and expanding our understanding of the world. A symbol of commitment to innovation, love for learning, and the impact that science has on shaping a better future.

This unique pin represents the collaboration between polymer and life scientists. It embodies our shared mission to innovate by combining expertise from both fields, creating new possibilities at the intersection of polymer science and biology. Wear it as a reminder of the groundbreaking discoveries and advancements made possible through this joint venture.

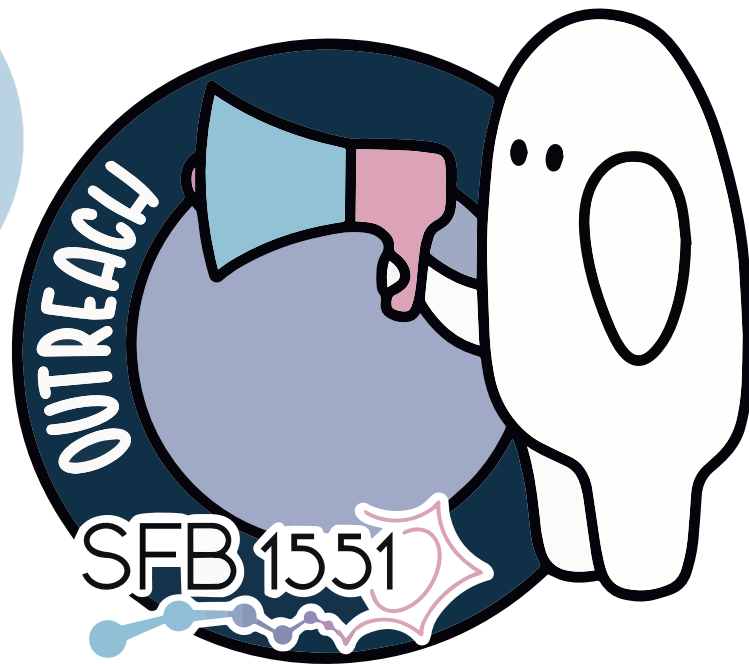

This special pin commemorates the publication of our latest groundbreaking results, a testament to our dedication and collective effort. Each discovery brings us closer to new horizons, pushing the boundaries of science and innovation. Wear this pin with pride as a symbol of our achievements and the exciting journey ahead, as we continue to make impactful contributions to our field.

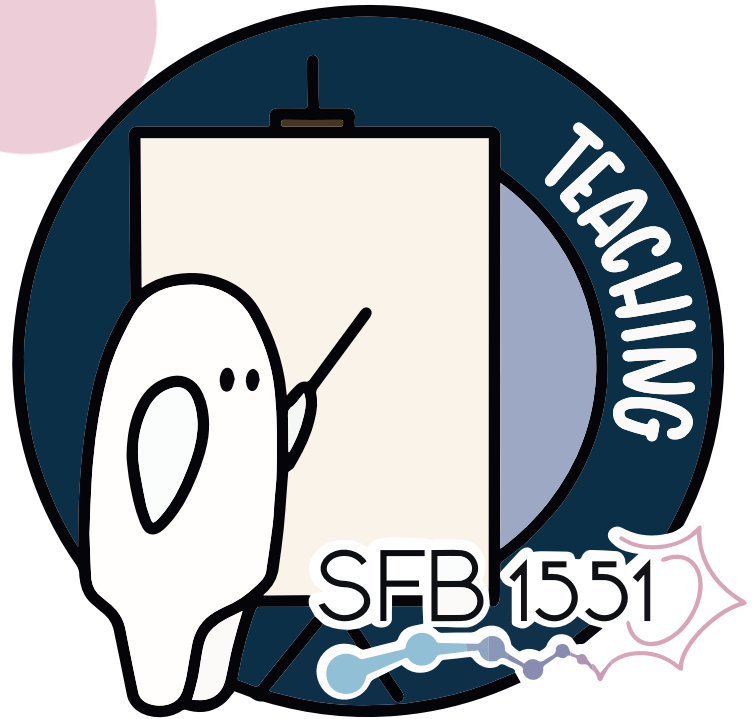

This pin celebrates our collective outreach efforts, from hands-on initiatives like open days, science fairs, and high school visits to engaging online through social media and virtual events. It symbolizes our commitment to inspiring curiosity, sharing knowledge, and fostering a passion for science within the wider community. Wear it proudly as a reminder of the impact we make together—connecting science with society and empowering the next generation of innovators.

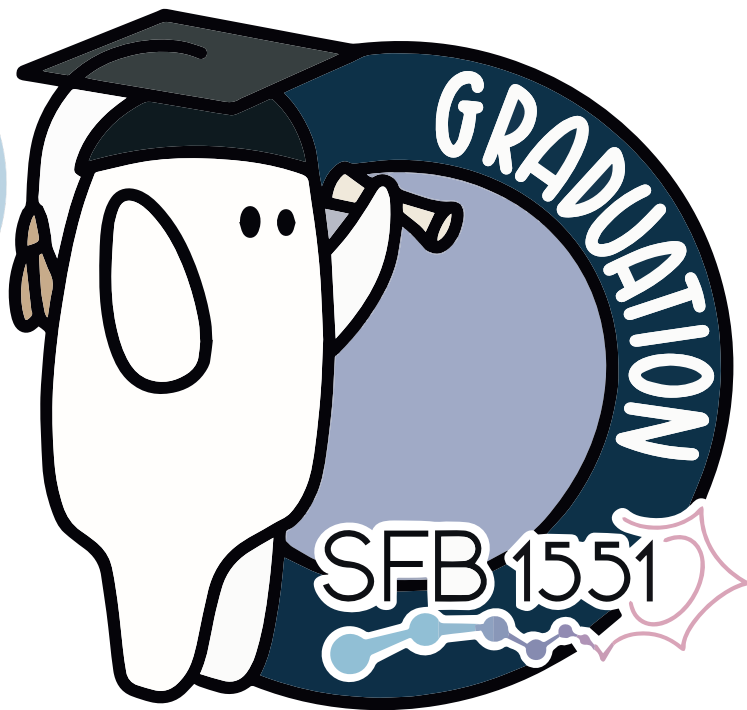

This pin honors those who advance our mission by sharing knowledge and inspiring others. It represents the dedication to excellence in teaching, leading training activities, and demonstrating outstanding communication and didactic skills. Wear this pin as a symbol of gratitude for all who empower others through education, helping to shape the future by fostering learning, growth, and innovation.

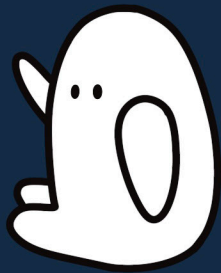

SFB 1551

This pin is a tribute to those who have successfully completed their PhD journey, symbolizing years of dedication, perseverance, and hard work. It celebrates the achievement of bringing together polymer and life sciences, forging new paths at the intersection of these fields. Wear this pin with pride as a recognition of your invaluable contributions to science and your commitment to advancing knowledge through innovation and collaboration.

Pin series & booklet developed by Beatriz Moura for the SFB1551 in 2024

SFB 1551

A decorative graphic consisting of a blue line with circular nodes and a pink starburst shape. The blue line starts with a large circle on the left and ends with a small circle on the right. The pink starburst shape is positioned to the right of the text.
